Competency Based Recruitment Selection A

Competency-based recruitment is a process of recruitment based on the ability of candidates to produce anecdotes about their professional experience which can be used as evidence that the candidate has a given competency. Candidates demonstrate competencies on the application form, and then in the interview, which in this case is known as a competency-based interview.

Competency-based recruitment - Wikipedia

5 Unique Benefits of Competency Based Recruitment and ...

If the use of a competency-based recruitment and selection process resulted in an organizationally useful selection, then we are satisfied that the approach is working. In this step, we are not presenting a method of determining whether the best selection was made, nor are we attempting to determine the future use of the process based solely on the outcomes of one selection.

the premise that past behaviour is a good basis for predicting future behaviour, and take the form of competency-based questions that are asked verbally during the interview, or during a written competency-based selection test.

Competency-Based Interviews & Selection Tests

Competency Based Selection is based on the underlying principle that past behaviours are the best predictor of future behaviour. If a candidate can demonstrate how they have faced challenges and achieved success with similar issues in the past, they will be able to apply these to the challenges of the new job in the future.
