AAT Essentials: Budgeting Across all businesses, many senior job roles now require an understanding of costs, estimates and/or budgets. Despite this, it is not uncommon for individuals in these roles to have had no official financial training or accounting experience before taking on these responsibilities.

Download Management Accounting

Management should frequently compare accounting data with budgeted projections during the budget period and investigate any differences. Budgeting, however, is not a substitute for good management. Instead, the budget is an important tool of managerial control. Managers make decisions in budget preparation that serve as a plan of action.
